

Professional Design Assistance

Need professional help to transform your ideas and thoughts into creative designs improvising on every aspect? My presentation designs, along with other services will bring high value to your inputs at an affordable cost.

Visual Enhancement

Beyond the bullets and frames, I give your projects or services more life by taking them to the next level, from boring to extraordinary presentations. I deliver visually appealing excellent PowerPoint slides by adding relevant illustrations, meaningful presentation ideas, slide themes, conceptual icons, graphics, animations, etc, to strengthen the message of the ppt slides. The end product overall, as well as each slide design, will be visually more appealing to the audience, reflecting your services.

10 Tips To Improve Your Presentation Slides

- Present one idea per slide
- Change bulleted lists to graphical elements
- Change bulleted lists to meaningful pictures
- Use an original slide template
- Modify default graph formats
- Use pictures as your background
- Use white space to improve readability
- Resize, crop, and recolor pictures
- Apply the rule of thirds
- Eliminate unnecessary text
