

# Good Clinical Laboratory Practice

**Sarah Cohen**

*Independent Laboratory Consultant*

Book time with Sarah

**TheConf**lab

- I assist facilities in setting up their management systems in readiness for accreditation or certification. I perform internal audits and gap analysis and also provide training in management systems ie ISO 15189 and GCLP.
- Laboratory management and oversight of clinical trial laboratories.
- Compilation and review of healthcare /laboratory/ business related documents.
- Training, coaching and mentoring of laboratory staff /students as needed.
- GCP, GCLP and Research Ethics training on request.
- Assistance with development of curricula and review/transcription of student theses (Healthcare): (Honours/Masters /PhD).
